The San Diego Foundation recognizes the value that artists contribute to our region’s vitality, economy and quality of life. They are essential to the community-driven priorities identified in Our Greater San Diego Vision for how we work, enjoy, live and learn in the San Diego region. With this in mind, we developed Creative Catalyst: Individual Artist Fellowships (Creative Catalyst Program), for local artists to partner with community-based arts and culture organizations to foster new work and refine their craft. Over the course of their Fellowship, Creative Catalysts connect their art to community issues using music, film, theatre, dance and visual arts as well as for civic engagement and social change.

The Creative Catalyst Program (CCP) seeks to advance the professional careers of artists of all disciplines, elevate the profile of the artistic community and encourage creative expression in the region. CCP will enable the creation of new work, which will be artistically innovative in terms of the artist’s own practice, and/or discipline. Our long-range goal is for the San Diego region to become a place where creativity and all makers of art can thrive.

The San Diego Foundation invites your participation in the 2016 Creative Catalyst Program, with grants ranging from $10,000 to $20,000 to support the creation and development of new work conceived by San Diego-based professional artists and focused on creating opportunities for community engagement through arts and culture. This year's program will be quite competitive as there will only be five grants awarded.

How the Process Works

The application process to the Creative Catalyst Program is as follows:

- San Diego-area artists submit an application to three of the Nonprofit Sponsors listed below in Appendix A, expressing interest in participating in the program. The Nonprofit Sponsors on the list have participated in a competitive application process to participate in this program. Every attempt has been made to ensure a balanced representation of qualified and capable Nonprofit Sponsors.
- The artist’s application will provide background information and an overview of the project that the artist would like to complete as part of the Fellowship.
- The Nonprofit Sponsor will receive its pool of artist applications, from which it will select one artist who it would like to sponsor under the Fellowship.
- Once the Nonprofit Sponsor makes its decision, the Nonprofit Sponsor and the selected artist will work together to develop a proposal to be submitted to The Foundation for consideration.
- The written proposals are then reviewed by a panel of volunteers. The finalists and their Nonprofit Sponsors are invited to an in-person interview as the last step in the selection process.
- The review panel then sends its recommendations for funding to The Foundation’s Board of Governors for final approval.
- If approved for funding, projects will begin July 1, 2016 and end June 30, 2017.

If the project is approved for funding by The Foundation, the Nonprofit Sponsor will serve as the artist’s fiscal agent and advisor throughout the life of the grant. Once the Nonprofit Sponsor signs an agreement with The Foundation, a check will be released to the Nonprofit Sponsor to cover expenditures associated with the artist’s project.

NOTE: Only artists who have submitted an application and have been selected by a Nonprofit Sponsor listed below are eligible to compete for a Fellowship. The list of Nonprofit Sponsors is final. The Creative Catalyst Program is competitive, which means that not all Nonprofit Sponsors and their selected artists will receive funding.
Selecting the Nonprofit Sponsors

To help determine which nonprofit might be the best sponsor for your project, artists are strongly encouraged to thoroughly research the organizations prior to making selections and submitting proposals. Visiting the organizations’ websites or talking to other artists who may have worked with the nonprofits is a good place to start.

As you narrow your research, you may need to communicate with the nonprofit organizations directly to ask specific questions. Because each of the nonprofits is different with varying capacities in terms of administrative support, they have provided specific instructions regarding how they wish to be contacted during this period. Please respect the wishes of the nonprofits and contact them only as indicated in Appendix A. You may contact Kim Fields at kimf@sdfoundation.org or (619) 235-2300 for guidance.

Application Guidelines

Creative Catalyst Program Goals

- To acknowledge and make more visible the talents and contributions of outstanding San Diego artists;
- To create job opportunities for artists and to encourage the advancement of their careers as creative entrepreneurs;
- To advance Our Greater San Diego Vision toward a region where all San Diegans can Work, Enjoy, Live and Learn.

Roles and Responsibilities of the Nonprofit Sponsor

The Creative Catalyst Program would not be possible without the participation of the Nonprofit Sponsor, which provides the following services:

1. Identifies individual artist candidates, reviews and selects one candidate and co-writes and submits a Foundation proposal with the candidate;
2. Attends the interview process with the artist candidate and responds to questions about the merits of the project;
3. Serves as a fiscal agent for the grant funds allocated by The Foundation on behalf of the artist;
4. Supports the artist throughout the Fellowship by providing project planning advice and access to organizational resources and expertise, including but not limited to financial management, space for the development and presentation of the project to the public, marketing assistance, artistic critique, etc;
5. Assists the artist with maintaining accurate records of project activity, including audience and visitor records, publicity, and community feedback;
6. Assists artist with the completion of the mid-year and final report;
7. Attends events and convenings where the artist’s work is being showcased.

All of the above functions will be formalized with The Foundation under an agreement.
Roles and Responsibilities of the Artist

In addition to completing the project itself, The Foundation expects that the artists will use the Fellowship to explore ways to grow and deepen their practice as creative entrepreneurs. It is important that the artist takes time to learn the business of art. To that end, the artist will be expected to participate in networking convenings with other Fellows and to attend workshops offered by The Foundation that focus on fundraising, marketing and other skills that will enable the artist to thrive financially. The artist will also be required to maintain accurate records that account for spending and audiences served and to complete a mid-year and final report.

Eligibility Criteria

The Foundation invites applications from “professional” artists who...

1. Are working at all stages of their career development - early, mid-career and established;
2. Have a history of artistic achievement and high quality work given their years of practice;
3. Have a history of imagining and conceiving new and original work that comes to life through their own creativity;
4. Are current residents of San Diego County, have resided in the area for the past two years, and are expected to retain residence through the completion of the Fellowship;
5. Work in one or more artistic discipline of visual, performing, media or literary arts;
6. Are at least 18 years old.

For the purposes of Creative Catalyst Program, “professional” artist is defined as follows:

A “professional artist” is anyone who can provide evidence of regular public exhibition, performance or publication of works of art; offers work for sale or public consumption; eligible for or has been awarded a government grant; selected for awards or prizes; has secured work or consultancies on the basis of professional expertise; has had work commissioned or acquired for public or private collections; or, is a member of a professional association on the basis of his/her status an artist.

Who is not eligible to Submit an Application?

Artists who...

- Perform or reproduce the original work of others, such as actors, dancers, singers, musicians, etc.;
- Are working toward any degree program - arts or non-arts related - at the time of application or planning to work toward a degree during the course of the Fellowship, with the exception of ABD (all but dissertation) status Ph.D. candidates.
- Practice their art primarily as a hobby or avocation;
- Are immediate family members of The Foundation staff or Board of Governors;
- Are immediate family members or staff of the Nonprofit Sponsor if they intend to apply for a Fellowship with said Nonprofit Sponsor.
Application Review & Selection Process

The Foundation requires that each Nonprofit Sponsor ensures that its selection process is fair and open and that each artist is given an equal opportunity to compete. Any attempt on the part of the Nonprofit Sponsor to pre-determine the selection of an artist without giving full consideration of all applicants in the pool is strongly discouraged and may result in the disqualification of the Nonprofit Sponsor from participation in the program.
