

# Investments: Endowment

Quarter Ending December 31, 2025

Maximize the impact of your social investment by establishing an endowment fund, and leave a legacy to your community or cause for generations to come. Your endowment can be advised by you or be designated to support specific causes. San Diego Foundation specializes in endowment giving, both through lifetime gifts and estate gifts. We are a locally based, enduring financial asset for the community – a charitable bank that comprises endowment funds that will benefit San Diego forever.

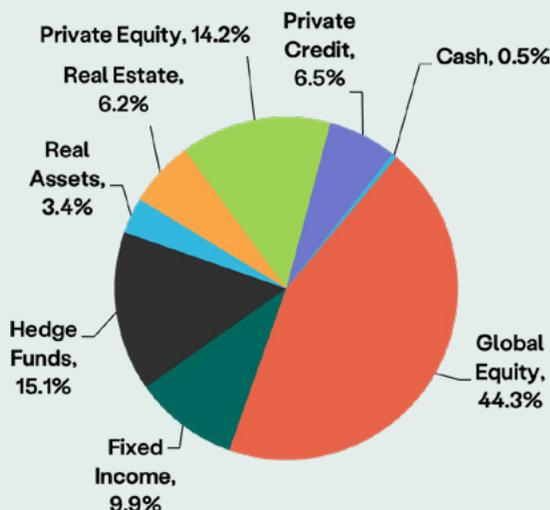

An endowment is a permanent fund. Each consists of two components – the principal and the distributable. The principal is invested for long-term growth. Each year 5% of the balance (allocated monthly) is transferred to the distributable for grantmaking. The monthly percentage, 1/12 of 5%, is calculated based on the average market value of the prior 36 months. If at any time the principal is less than the initial fund value, distribution is limited to interest and dividends. This keeps the corpus of the fund intact and allows for grantmaking in perpetuity.

The Endowment Portfolio, consisting of endowment funds at San Diego Foundation, maintains value and generates revenue over time to serve the San Diego region in perpetuity. Funds are professionally invested in a diverse, careful set of asset classes to mitigate risk and provide long-term total return to individuals, families, nonprofits, agencies and businesses.

## Endowment Portfolio

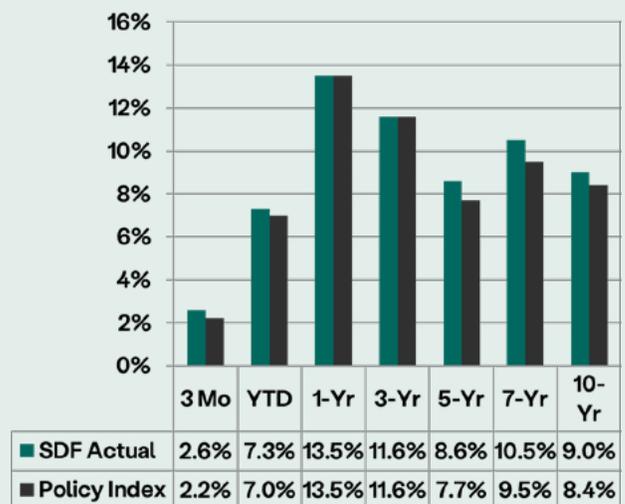

### Asset Allocation

\$1.07 billion as of December 31, 2025\*

### Total Returns

As of December 31, 2025

\*Includes Principal Only.

Investment returns are presented net of money management fees, but do not include SDF fees. Custodial and reporting fees are netted against earnings reported via the fund statement. Investment performance of individual funds may vary from the total portfolio return due to the timing of contributions and grants.

## Q4 Update

The Endowment Portfolio capitalized on a stabilizing economic and market environment in the fourth quarter, resulting in a 2.6% net return against a benchmark return of 2.2%. For the full calendar year, the portfolio produced a 13.5% net return, in line with its benchmark. The main driver of performance was continued strength in public equities, specifically international equities. Attribution from other asset classes in the quarter was neutral and ranged from slightly negative to slightly positive for the full year, which resulted in performance in line with the benchmark.

## Investment Committee

With over 150 years of combined global and domestic expertise, the San Diego Foundation Board of Governors Investment Committee drives asset management and investment growth to meet fund objectives.

### The Investment Committee is committed to:

- Protecting the corpus of SDF
- Preserving the spending power of the income from the fund
- Maintaining a diversified portfolio of assets to meet investment return objectives while keeping the level of risk commensurate with the median fund in a representative foundation and endowment universe
- Complying with applicable law
